

INTRODUCING

TIME BLOCKS

One Time Block = 1 Hour
of time dedicated to your needs.

The first block you use includes a free consultation to assess your needs and make an action plan. Subsequent blocks will include a 15 minute session to set the work tasks for the block.

The more blocks you buy-the lower the hourly rate!

Use them whenever you need a little help, whether it's all in one week or an hour at a time.

"Give yourself the gift of time"

To redeem your block simply contact me to schedule your tasks.
